

Tallest Sunflower Competition

Can you grow a giant?!

Friends of Nettleton Primary School are giving all budding gardeners the chance to grow the tallest sunflower from seed as well as the chance to win amazing prizes - all whilst helping raise money for our fabulous school.

Entry costs just £1 per person. For that you'll receive a specially created pack which contains a seed, your very own sunflower diary, a plant tag and an information sheet. These can be purchased from the school office.

All entries will be judged at the school Summer Fair on Sunday 7th July 2019, where the tallest 3 will win Brigg Garden Centre vouchers and a selection of garden toys to enjoy during the summer!

If you are unable to move your sunflower (if it is just too big!) you can still enter by using your sunflower diary and photographic evidence showing the height of

your plant! A tag for you to write your name on has been included in the pack to tie around your sunflower once tall enough.

The seeds are 'Russian Giant' sunflowers and have been known to grow up to 3 metres tall! So the sooner you buy your seed, the sooner you can start to grow your giant!

The competition is open to everyone, not just pupils of the school. All friends and family can take part - siblings, grand parents, cousins - anyone! You can even have your own competition at home to see who grows the tallest in your house!

Plus you'll be helping to look after bees, butterflies, moths and many other insects that will visit your sunflower once it is outside. Birds will also enjoy the seeds once your plant has finished flowering.

What are you waiting for?!

Buy your seed today for just £1 and start to grow the tallest sunflower.

You've got until Sunday 7th July when the competition closes!

GOOD LUCK!
