Friday 5th March 2021

Dear Parents/Carers

We very much hope your child is looking forward coming back to school on Monday. Our schools have been thoroughly cleaned, staff have had further training on pupil wellbeing and COVID 19 infection control measures, our recovery curriculum has been updated and our detailed reopening plan & COVID19 risk assessments have all been fully updated. Now all we need is the children who we can't wait to see!

This letter outlines the final information you will need for our reopening on Monday 8th March 2021.

Reopening Information

Hopefully you received our detailed reopening information for parents. If not please find it here.

Asymptomatic Testing For Adults in Your Household

Parents of primary school aged children can now access lateral flow devices to test adults in your household. By taking part in this you will be helping to keep our school community safe. I have copied the information from the DFE below regarding this testing for adults without symptoms. To get access these tests please follow this link. [COVID 19 Testing](#)

DFE Information on Asymptomatic Testing

NHS Test and Trace announced earlier this week, that all adults in households with school and college age children without symptoms can now access regular rapid coronavirus (COVID-19) testing.

Undertaking regular, rapid coronavirus (COVID-19) testing helps reduce transmission of the virus. Parents and other adults in households with children at school or college, who do not have symptoms, can now access regular, rapid coronavirus (COVID-19) testing. This includes childcare and support bubbles.

Tests are fast, easy and completely free. There are different ways for a household, childcare or support bubble to collect their test to take at home, twice-weekly:

- through your employer, if they offer testing to employees
- by collecting a home test kit from a local test site – anyone aged 18 or over can collect 2 packs of 7 tests
- by ordering a home test kit online – please do not order online if you can access testing through other routes, this frees up home delivery for those who need it most

Travelling to School

We have been asked by the DFE to remind you to travel to school by foot if possible and not to share cars with people outside of your household.

When you get to school please remember that only one adult should accompany children onto the site (if needed) and please use the entrance you have been allocated. Finally, please remember to socially distance from other adults and children that are not your own.

Face Coverings

Whilst we ask parents to wear face covering if they come onto our site, please note that children should not wear face coverings at any part of the school day. If your child comes to school wearing a face covering it will be stored and returned to them at the end of the day, this is in line with DFE guidance.

If you have any questions regarding the reopening of our schools next week please get in touch.

Yours sincerely

Andrew Smith
Executive Headteacher
