Class One

Autumn 2021

Our themes this term are

All about me and Once upon a time....

CLASS TEACHERS: Mrs Samantha Watson, Mrs Lisa Crawford and Mrs Katie Priestley

CLASS TEACHING ASSISTANT Mrs Debbie Suddaby

Our Key Values:

Caring

Commitment to Achieve

Co-operation

Independence

Happiness

Respect

Welcome back Class One and our new class! We have spent all Summer making it a very special class for our new Reception children and we know you are going to have great fun learning in it. We hope you all had a lovely summer holiday and are ready for an exciting year ahead. The children have all settled in so well and look very smart in their school uniforms! We are looking forward to working with you all and having a great year together! We are all very excited with the learning we have planned for our Autumn term. Here is what you need to know about the curriculum, along with specific information for Class One. As always, if you have any questions, please don't hesitate to contact us.

Our Theme:

We will begin this term by settling the children into our school routines. As we get to know the children and understand their interests and likes, we will plan lots of exciting, engaging experiences and learning opportunities for them. We believe that children learn best when they take charge of their own learning.

Our class themes this term are All About Me for the first term and then Once Upon a Time. The children will do lots of fun and creative activities linked to them and what they enjoy. There will also be specific themes for the Reception children throughout the term, including Harvest, Diwali, Bonfire Night and Christmas!

Personal, social and emotional development:

In this area, we will mainly focus on settling the children into our school routines. For example, putting away belongings in the morning; milk and fruit time; playtimes and lunchtimes; tidying away after each session; and home time routines. We will be supporting children to develop positive relationships with both adults and other children. We will explore how we treat others and the consequences when we treat them wrongly. The children will also learn our rewards for good behaviour.

Physical development:

We will be keeping our fingers crossed for good weather so we can enjoy our outdoor area for as long as possible! We have all-weather suits so that the children can explore the outdoor classroom, the rest of the school and the wider environment even in poor weather (you are welcome to send in a named pair of Wellington boots to keep in school for this purpose). We will be teaching the children to use our outdoor equipment in a variety of ways to keep them active and healthy.

The children will receive two weekly PE sessions. They will enjoy a range of exciting lessons involving ball skills and team games. We look forward to continuing our swimming lessons at Market Rasen on a Monday.

Communication and language:

This term we will be modelling good speaking and listening skills, especially during carpet time. The children will be taught when it is appropriate to speak and when to listen. We want the children to be confident in expressing their ideas freely in whole class situations, with both adults and their classmates.

Literacy:

We will be reading a range of stories in class, asking children to identify characters and main events in order to be able to retell the story. We would like to use stories as a stimulus for all areas of learning and develop a love of reading in the children. You will find a book in your child's reading bag to enjoy at home. These will be picture books to begin with to allow children to tell stories from pictures. Please comment in the reading record to let us know how their reading is developing at home. Children will also take part in relaxed shared reading sessions every morning with a teacher, focusing on different areas such as vocabulary and comprehension.

We will have a phonics session every day in which children will begin to learn their letters and sounds. Phonics is very important in children's early reading and writing development as it lays the foundations for children to build upon and develop their independence. We will send home the new phonemes taught so they can be reinforced at home also. Please practice these with your child as often as you can and this will significantly help your child to learn to read and spell.

Mathematics:

We will be mainly focussing on the children's counting skills in a variety of contexts, for example, counting songs, counting children at school, counting out items throughout the day etc. In the classroom and outdoor area, maths activities will be set in a variety of learning experiences where the children can learn creatively.

Understanding the world:

Whilst looking at our EYFS weekly themes, we will be modelling how to ask questions to find out information. We shall be developing our skills in ICT using simple computer programmes and other programmable toys and equipment. We will have the iPads available most days to develop their skills computing skills independently. Children will also enjoy basic Science exploration activities.

Expressive arts and design:

The children will access a range of creative activities on a daily basis including art and design provision, music equipment and different role play scenarios. We will encourage children to use their imagination in their learning.

Important Information

Our weekly homework be **set on Fridays** and **returned on Thursdays**. Children get house points for each piece of homework they complete to a good standard and we often award merits for super effort, so please encourage your child to complete their homework on time. We set homework that links to our current learning in class, and should mostly be able to be completed independently without the need for lots of adult support (other than reading the task to them).

Our P.E days this term are **Monday mornings (swimming) and Wednesday afternoons**. Children can come in their PE kit to school. If your child's ears are pierced please ensure they are removed on PE days. Please consult the school's uniform policy for the correct PE kit. For the first part of the Autumn term we will be swimming on a Monday at Market Rasen. The children can come in their PE kit but will also need to bring a towel and a costume which are named.

The children's reading books will be changed twice a week. **Rewards will be given for regular reading and diaries will be checked weekly to ensure that children are reading at home.** *Please understand that the children's reading stage will be changed when they have demonstrated over a period of time that they have improved their fluency and comprehension on that stage. There are a number of varied books for each reading stage and it is important that the children read a breadth of different genres. Before making the decision to move the children up a level, we always consult their National Curriculum reading level first.*

We encourage the children to be as independent as possible in Reception and Key Stage 1, including being responsible for bringing their P.E. kits and homework books on the correct day, and reminding them to change their reading books when they need to. We ask for your support with this.

The children are welcome to come into the classroom from 8:30am. The children are encouraged to come in by themselves and put away their belongings. This encourages independence through routine. We will bring your child out to you at 3:00pm. Please let us or the office know if you have arranged for somebody else to collect your child at the end of the day as we will be unable to send them home without this information.

Children need a named water bottle in school every day as we are unable to provide cups for them to use. We are a WATER ONLY school. Bottles containing anything other than juice will be replaced with water.

As the weather turns colder and wetter this term, children will need to have a warm and waterproof coat (named hats, gloves and scarves etc.) as we take the children outside for lessons as well as playtimes whatever the weather! Wellington boots and a spare set of socks that can stay in school would be desirable if at all possible. COATS SHOULD BE IN SCHOOL EVERYDAY IN CASE THE WEATHER TURNS SUDDENLY.

If you have any questions please do not hesitate to approach us.

Kind Regards

Mrs Watson, Mrs Crawford and Mrs Priestley
